Postage Stamp

A hand is shown sorting through a collection of historical envelopes and stamps. The items are laid out on a dark surface. The envelopes vary in color and design, some featuring intricate patterns and stamps. A hand is visible in the center, reaching towards the envelopes. The background is dark, making the light-colored envelopes stand out.

The image shows a collection of historical envelopes, likely from the mid-19th century, arranged in a binder. Each envelope is held in place by a white tab. The envelopes are made of aged, yellowish paper and feature various postage stamps, including blue and red circular and rectangular stamps, some with portraits of figures. The addresses are written in cursive handwriting. The envelopes are organized into rows, with some overlapping. The background is dark, making the envelopes stand out.

An open book with yellowed, aged pages is positioned in the center of the frame. The book is laid flat on a dark, possibly black, surface. The pages are slightly curved, and the text is mostly illegible due to the age and lighting. To the left of the book, a vertical strip of light-colored, textured material, possibly a book cover or a piece of paper, is visible. In the bottom right corner, a portion of a person's hand is visible, suggesting the book is being held or presented. The overall lighting is somewhat dim, with a focus on the book's pages.

1878

This cover, inscribed Nov. 2, 1878, as New York, appears to exhibit a strange use of letters 1844. Could address: Ebenezer City of Savannah. From the U.S. Times 2 glass: Printed Nov. 8, 1878, City of Savannah, (Ga.) MARTIN, Livermore the Connecticut.

BY CABLE, London Nov. 18. The third line obviously City of Savannah, (Ga.) Martin, from N.Y. Nov. 4, for Liverpool received at 1:20 A.M. on day. The letter 1844 was in fact. UNDER P. 1844. GILBERT is dated 11 NOV. 78.

I do not know as in the receipt of the 2, 1844 ADL. Do notice that it is dated in service on the S. P. O. between CHINA and PAUL, which seems to be the 1844 date. Thus he further notes the 1878 was used on unpaid mail from various countries belonging to the S. P. O.

Do you have any idea in which context it was used here? It would seem to be more than simply a 1844 date.
